

COUNT THE TOADSTOOLS!

DID YOU KNOW?

Foxes can make more than **40 different sounds** to communicate with each other.

One tree produces nearly **260 pounds of oxygen** each year.

Hedgehogs have around **5000 - 7000 spikes** on their back.

SPOT THE DIFFERENCE

There are 8 to find!

MAKE YOUR OWN PAPER BUTTERFLY!

Once you have ordered your yummy Lounge food and coloured in your woodland adventure, you can use this paper to make your very own butterfly!

1 Fold your paper to make a square shape and rip off the extra rectangle

2 Fold your paper in half, open and then half again

3 Fold your paper diagonally in half, open, and then half again

4 Fold along the lines and push in the sides to make a triangle

5 Fold the two front corners of the triangle inwards

6 Finally, turn your triangle around and fold the back flap down so the top of the triangle can be folded over

Turn your triangle the other way around and fold in half to reveal your butterfly!

LITTLE LOUNGERS MENU

★ The Adventures of Dave's Grandad
 ★ Hello, I'm Eric! Join me and my trusty K9 companion Tinto on some amazing adventures.

A hummus snack pot and Cawston Press juice drink free with every meal! 136kcal gfo
